The world begs to meet you  
The world knows it needs you  
I should have seen this coming

This piece of me that's humming  
Colors of my house are red  
And wound and sweat and hollow

This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me

And the world wants to feed you  
It's on your side  
I'd jump just to please you  
And that is why

I should have seen this coming  
This piece of me that's humming  
Colors of my house are grip  
And grin and sweat and wallow

This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me

And a man wants to meet you  
He's on your side  
He knows how to feed you  
And so he tries

A cold slap to the head  
From the one who wants to steal my bread  
And the box inside me hums

For the one who wants to feed my love  
And the box is humming soft and low  
So definite the echo

Now it feels so low

Now it feels so low  
Now you feel so low  
Now you feel so low

This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me

This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me  
This is such an opportunity for me
