I chase my bad habits at night  
My addiction makes the timing so right  
Every time we meet up on the floor  
Let's go, let's go, let's go  
I chase my bad habits at night  
I know it's wrong but feels so right  
Got me begging and pleading for more  
Let's go, let's go, let's go

It's not a typical thang, you're blood in my veins  
And I'm so addicted now, oh oh oh oh oho  
When your body's on me, I want you all day, oh  
I'm so addicted, oh, oh, oh, oh  
Girl I need your love, love, love  
Girl gimme your love, love, love  
Gimme love, gimme love  
Girl you're my practice,  
I'll make you my habit, when the sun goes down, down,  
down  
So gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
I want it, I need it, oho, yeah

I chase my bad habits at night  
My addiction makes the timing so right  
Every time we meet up on the floor  
Let's go, let's go, let's go  
I chase my bad habits at night  
I know it's wrong but feels so right  
Got me begging and pleading for more  
Let's go, let's go, let's go

It's not a typical thang, you're blood in my veins  
And I'm so addicted now, oh oh oh oh oho  
When your body's on me, I want you all day, oh  
I'm so addicted, oh, oh, oh, oh  
Girl I need your love, love, love  
Girl gimme your love, love, love  
Gimme love, gimme love  
Girl you're my practice,

I'll make you my habit, when the sun goes down, down,  
down  
So gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
I want it, I need it, oho, yeah

Meet me in the dark and become my Jordin Sparks  
But you lit me when you're here like a broken down  
record  
Baby when the sun's gone, I'm thriller like Michael  
I'm step on your hips, fingertips  
Girl I need a hit, here we go, let it show  
Got me hot like Rich and...  
We can ride the night like it's the fast car on that show  
Here we go, I'm... cause you take me high I wanna roll  
I'm in the sky like... let's go, let's go, let's go

I chase my bad habits at night  
My addiction makes the timing so right  
Every time we meet up on the floor  
Let's go, let's go, let's go  
I chase my bad habits at night  
I know it's wrong but feels so right  
Got me begging and pleading for more  
Let's go, let's go, let's go

It's not a typical thang, you're blood in my veins  
And I'm so addicted now, oh oh oh oh oho  
When your body's on me, I want you all day, oh  
I'm so addicted, oh, oh, oh, oh  
Girl I need your love, love, love  
Girl gimme your love, love, love  
Gimme love, gimme love  
Girl you're my practice,  
I'll make you my habit, when the sun goes down, down,  
down  
So gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
Gimme love, gimme love, gimme love, gimme love  
I want it, I need it, oho, yeah
