there's a moment to settle down  
and there's a time to run away  
but i know this place i'm in right now  
and i pray you changed the game  
(hold me) and you ain't never gotta let go  
(kiss me) then my body goes crazy  
(baby) this love is better then a dream  
cos i know that i'm wide awake  
i pray it don't change

is anybody in love out there  
who'd be dying if their love was not here  
lovers prayer, oh this is my lovers prayer  
oh don't let it end  
does anybody feel like i do  
i hurt myself before i hurt you  
lovers prayer, oh this is my lovers prayer  
oh don't let it end

like a child's first step i'm proud  
cos i've waited for this day  
that's how i feel when i make you smile  
and you say that's my baby  
(hold me) and you ain't never gotta let go  
(kiss me) then my body goes crazy  
(baby) this love is better then a dream  
cos i know that i'm wide awake  
i pray it don't change

is anybody in love out there  
who'd be dying if their love was not here  
lovers prayer, oh this is my lovers prayer  
oh don't let it end  
does anybody feel like i do  
i hurt myself before i hurt you  
lovers prayer, oh this is my lovers prayer  
oh don't let it end

i'm looking at my life  
and i swear i'm happy  
but at the same time

i'm thinking it's crazy  
it can't get much better then what we have baby  
i love you, love you (love you, love you)  
and if that means i won't hurt no more (no more)  
then i have what i've waited for (waited for)  
now what i'll do is pray that it'll never change  
oohh yeah

is anybody in love out there  
who'd be dying if their love was not here  
lovers prayer, oh this is my lovers prayer  
oh don't let it end  
does anybody feel like i do  
i hurt myself before i hurt you  
lovers prayer, oh this is my lovers prayer  
oh don't let it end

is anybody in love out there  
who'd be dying if their love was not here  
lovers prayer, oh this is my lovers prayer  
oh don't let it end  
does anybody feel like i do  
i hurt myself before i hurt you  
lovers prayer, oh this is my lovers prayer  
oh don't let it end
