Baby I love it
For your future dreams, and everything you promised
me
Baby I love it
The materials thing, but they don't mean that much to
me

We could go on, to my room
But you're the only one that I'll ever need
But if I can't please you, and you can't please me...
Call me a taxi

I would give it all away
Take everything I had from me
There ain't nothing that can take your place
Cause love ain't a material thing
I don't care if we don't have much
We still got love
That should be enough
But if I can't please you, and you can't please me
Call me a taxi

[Taxi Lyrics On]

Money ain't everything
I could of been everything you needed babe
If you want me to stay
I'm telling you something gotta change
We can struggle to the end, Oh
Just don't let go
Love is really all we need
But if you think money makes me happy...

Call me a taxi
Oh ho, Oh ho,
Call me a taxi
Oh ho, Oh ho,
Call me a taxi
Oh ho, Oh ho,
Call me a taxi
Oh ho, Oh ho,

Call me a taxi

Baby don't stress your mind
Cause riches ain't worth a dime
Ooh was it worth it
If it takes all your time, and I'm here left alone to cry
I can't carry on
If I don't know what's inside
But if you rather be free instead of me...
Call me a taxi

Money ain't everything
I could of been everything you needed babe
If you want me to stay
I'm telling you something gotta change
We can struggle to the end, Oh
Just don't let go
Love is really all we need
But if you think money makes me happy...

Oh ho, Oh ho,
Call me a taxi

Let's be clear,
Of what is real
Cause if we don't,
I'll lose this feel
Ain't nothing wrong with reaching goals
But what matters to me the most
Is that further down the road
We finally can be everything that I wished for

Ohhhh no, Oooooohh
If we can't be happy baby,
Call me a taxi

Money ain't everything
I could of been everything you needed babe
If you want me to stay
I'm telling you something gotta change
We can struggle to the end, Oh
Just don't let go
Love is really all we need
But if you think money makes me happy...

Call me a taxi
Oh ho, Oh ho
Call me a taxi (I don't want you to babe)
Oh ho, Oh ho,
Call me a taxi (But I'll leave right now)
Oh ho, Oh ho,

Call me a taxi (I don't wanna go nowhere)
Oh ho, Oh ho,
Call me a taxi (Money ain't everything)
Oh ho, Oh ho,
Call me a taxi (I could of been everything you needed
babe)
Oh ho, Oh ho,
Call me a taxi (If you think money makes me happy)
Oh ho, Oh ho,
Call me a taxi

I don't wanna leave, but I will...
