Am I doin' it right
Doin' it right
Am I doin' it right
Doin' the right thing
Doin' the right thing
Am I doin' it right

Well it isn't as fuckin' easy
As it was when we were young
Do you like me, yes or no
You did that night I know
Sometimes it seems so much like you did
Well now I'd say ago
With what I've been through
It mattered, Ohhh
It mattered, Ohhh
So I'm askin' so I scream,
Baby, Am I am I doin' it right
Doin' it right
Am I doin' it right
Doin' the right thing
Doin' the right thing
Am I doin' it right

When you look like an ass don't you wish
That you didn't go there
When you can't say it's impossible
So you're gonna have to deal with it
Well I'm not sayin' love isn't enough
To make it OK
But at least it's enough to keep me
From goin' insane

Am I doin' it right
Doin' it right
Am I doin' it right
Doin' the right thing
Doin' the right thing
Am I doin' it right

Nooo

So you scream at me,
"Your not half the man
I thought you'd me"
So I cry,
"Don't say good-bye this time"
But I'm not sayin' love isn't enough
To make it OK
But at least it's enough to keep me
From goin' insane

Am I doin' it right
Doin' it right
Am I doin' it right
Doin' the right thing
Doin' the right thing
Am I doin' it right

Doin' it right
Doin' it right
Doin' it right
Ooohhh
Doin' the right thing
Doin' the right thing
Am I doin' it right
Doin' it right
Am I doin' the right thing
Doin' the right thing
Am I doin' it right
Doin' it right
