You got some pills and you wanna take them  
You just wanna get messed up  
And lose your head  
I know you, you wanna forget you wanna believe  
That everything will be perfect for you and me

It's all right this time  
To let the weather slip your mind  
Forget about last Sunday,  
Before it's June today  
Well we can start from scratch  
The whole world it goes by so fast  
But it's OK it's alright  
You in my arms tonight  
Wooaaahhh,  
Wooaaahhh  
You in my arms tonight in my arms tonight your in my  
arms tonight

I know that we've lost everything  
But at least you're here, here with me  
And I can't believe we made it through,  
Now what the hell are we gonna do

It's all right this time  
To let the weather slip your mind  
Forget about last Sunday,  
Before it's June today  
Well we can start from scratch  
The whole world it goes by so fast,  
But it's OK it's alright  
You in my arms tonight  
Wooaaahhh,  
Wooaaahhh  
You in my arms tonight in my arms tonight your in my  
arms tonight

Tell me how she's re-erased  
With all sorts of better days  
The sun will rise the sun will set  
The sun will rise the sun will

The sun will rise the sun will set  
But we can't forget

It's all right this time  
To let the weather slip your mind  
Forget about last sunday,  
Before it's June today  
Well we can start from scratch  
The whole world it goes by so fast,  
But it's OK it's alright  
Your in my arms tonight  
Wooaaahhh,  
Wooaaahhh  
Your in my arms tonight your in my arms  
Tonight in my arms tonight
