Verse one

I don't know why I feel this way but I do
I'm worried this time that we won't make it through
I don't know how we let things go so wrong but we did
Could our love just be hiding or is it gone
I just got to know
Will we let our feelings show this time
'Cause...

Chorus

I don't wanna break your heart
But I much rather be apart
Than live our lives reluctantly
Knowing we weren't meant to be
And I don't wanna walk away
But things just can't go on this way
Together or apart from me
Where do you really wanna be

Verse Two

It was the same old story of boy meets girl
You wanted me, I thought I could give you the world
Some where along the way we went astray
Now it's all I can do just to give you a smile today
I just got to say (yes I do)
Baby can we find our way this time
'Cause

Chorus

I don't wanna break your heart
But I much rather be apart
Than live our lives reluctantly
Knowing we weren't meant to be
And I don't wanna walk away
But things just can't go on this way
Together or apart from me
Where do you really wanna be

Bridge

Baby I don't wanna live like this
No I can't wanna go with you on like this

Baby can you tell me what can we do
To make it through

Chorus

I don't wanna break your heart
But i much rather be apart
Than live our lives a mystery
Wondering if we're meant to be
And I don't wanna walk away
But things just can't go on this way
Together or apart from me
Where do you really wanna be
