[High Priest]

center the tone into the domain, no main
propane flame or butane to the opening with an
offering

It's not often that I wanna but I'm gonna make a point
cause I wanna put the so-and-sos impose on tip toes
spit those hipto crypto cryogenic thesis, he's as
nice as watching ballerina's teemless meters reappear
appear a wedding hero, zero tolerance, abolishing
wack mc's

please mister politician don't feed us your empty
promises

It's obvious you're oblivious but not impervious
and you stil will crumble, stay humble stil number one

(tonight, alright)

[beans]

enslaved by luxury, to me your source of pain is not
entertainment

desires and ruined payers transposing the fantasy
enjoy views, but don't listen, it's your frame of
reference I discard

audio sport Kareem Abdul Jabbar
fire wire hair dryer in the bathtub, I shock
dixie cup, ???? frail communicate hero
then waited like dust caps on five watts
tapeworm recorder, a border, gazzelle, gordon cattrell
watch the top granola get rude like junk food
king vitamin on top of the food chain, rugburns
run around the feild but never move like a fence
vital vinyl ricital title idle no rival
????? flaccid
inactive, speechless like your mouth

[M. Sayyid]

wobbly sayyid, slim like a ten speed
these mcs take heed when I project with 300 cc's
past his toll booth past your whole crew
wow, who's that cat who just threw my neck like a

quarterback
I want his autograph
females on my __ for my phonographs
making moves on the floor like a pornograph
got the mad soul, you can hear the chemistry
e.b. turn up the frequency

I buried him in the ???
with the beats or a cappella in the streets
we could do it any time

I got ghosts in the lawn
where my foreman thrown on the floor
like scorn you're torn to the barn
I heard the sound and came back to see what was
going on
then I turned up the song
