Love is not a foolish game to me
Love is my life and destiny
Love is the spirit of my life
Love, and without it I can't survive
And it's not a game, when I call your name

The way you look tonight
Is more than I was dreaming
The way you hold me tight
It makes my heart beat fast
The way you look tonight
Is more than I'll ever feel it
The way you smile
Is heaven in my arms

Love is sometimes a sacrifice
Love there are tears and there are lies
Love will always find your heart
Love. always try to make a start
And it's not a game, when I call your name

The way you look tonight
Is more than I was dreaming
The way you hold me tight
It makes my heart beat fast
The way you look tonight
Is more than I'll ever feel it
The way you smile
Is heaven in my arms
Oh, the way you smile
Is heaven in your arms
