I've seen this play out a thousand times  
In time, these eyes start to hide a lie  
I Lie back watching the hours go by  
No trace of conscience, and I feel  
Nothing...  
I feel nothing

The truth was known right from the start  
Though inside I'm empty, I still play the part  
The picture soon breaks through the haze  
Destroys the mirage that you create  
My eyes start to glaze, I think I've had enough

Say) that you need it  
Say) that you wanted more  
Say) that you need it  
Just take it  
Say) that you need it  
No) I don't want this now  
Say) That you need it  
So Tell me what you want it to be  
Tell me what you want it to be  
Nothing

Take a hit  
As the light fades into the night  
One more time  
Looking for a chance that feels right  
Searching in my eyes  
For a simple truth inside  
Begging for more time  
I leave you wanting more  
As love turns to hate, I think I've had enough

(Chorus x1)  
So Tell me what you want me to be

Your reaching  
For nothing  
I'm absent  
Of all you wanted

Keep reaching  
For nothing  
A cold heart  
Is all that remains

Tell me what you want  
Your Running out of time  
As light fades to black  
I know I've had enough.

(Chorus X1)  
So Tell me what you want me to be  
Nothing,  
What is it you want it to be  
What is it you want me to be
