Forget all you ever heard  
I am unbroken  
This is the final call

As the law recites, the strong survive  
I fight just to feel the pain (to feel anything)  
So don't look suprised as all else dies  
I bleed just to know I'm alive (to know I'm alive)  
L've lost my way, all reason is gone  
To justify my twisted desires

And as the fire consumes me

Unbroken, As I am  
Why am I waiting  
These constraints are failing  
What am I waiting for  
This chaos. It fuels me  
Sets forth the changing  
Surrender. just give in  
It was all over before it began

Deep inside me lies a twisted mind  
And I will not bend my ideals (I will not bend)  
In this moment I'm alive, this moment I shine  
But darkness will smother my light (f\*\*\* me)  
I've lost my way, just a matter of time  
But I won't just give up control

I know I walk alone

Unbroken, As I am  
Why am I waiting  
These constraints are failing  
What am I waiting for  
This chaos. It fuels me  
Sets forth the changing  
Surrender, just give in  
It was all over before it began

Unbroken, as I stand

When will it fall  
What are we waiting for

Unbroken. As I am  
Why am I waiting  
These constraints are failing  
What am I waiting for  
This chaos. It fuels me  
Sets forth the changing  
Surrender, just give in  
It was all over before it began

I will not die  
Never give in  
I will not die  
Never be denied
