Music, shake that!
Like you've never heard it before
Music, shake that!
Like you've never heard it before
Music, shake that!
Like you've never heard it before
Music, shake that!
Like you've never heard it before

Don't sleep, sleep
Don't sleep, sleep
Don't sleep
Don't sleep, sleep-sleep
Sleep, sleep-sleep, sleep
Do-d-d-d-don't sleep

Let's all get together and move some
Move some
Let's all get together and move some
And move some
Let's all get together and move some
And move some
Let's all get together and move some
And move some
Let's all get together (let's all get together)
Let's all get together (let's all get together)
Let's all get together (let's all get together)
And move some

Music, don't sleep
Like you've never heard it before
Shake that!
Music, don't sleep
Like you've never heard it before
Music, don't sleep
Like you've never heard it before
Music, don't sleep
Like you've never heard it before
