Yeah  
So all my fine ladies in the club, shakin' it up  
Feel it  
Uh

That's right  
Mami, all so tight blow my mind  
(Uh)  
Said, can I hold you down, boo  
If you don't say no 'cuz I can freak it too  
Please get on the dance floor  
(Come on)

You opened your mouth now show me what you can do  
Turn around, don't say a word  
(Don't say nothing)  
No conversation  
Smack that ass, no hesitation  
(Uh)

Got me on my toes, all concentration  
Baby, where you at, would you look at that  
Damn, you're real phat, let me feel that  
(Real phat)  
(Let me feel that)  
Matter fact, baby, just shake it

Shake it on top, shake it down low  
(Yeah, yeah)  
Shake it real fast, let me see you shake it, shake it,  
make it  
(Oh)  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do  
(Baby, baby, let me see you shake)

Shake it on top, shake it down low  
Shake it real fast, let me see you shake it, shake it,  
make it  
(Ooh, ooh)  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do

All day  
Mami, don't stop I like the freaky things you do  
See you're so damn fine  
(So fine, so fine)  
I'll turn you out, girl, if you only knew

Girl, I won't speak to you, baby  
(Uh)  
'Cuz if you with it we can get up on a room  
Let's go, 'cuz if you really wanna party  
We can party but you gotta tell your friends bye-bye

Shake it on top, shake it down low  
(Ow)  
Shake it real fast, let me see you shake it, shake it,  
make it  
(Shake it, shake it, make it)  
Shake fast, make it shake slow  
(Make it)  
(Shaking fast)  
Let that thang go, girl, you know how we do  
(Oh, yeah)

Shake it on top, shake it down low  
(Shake it)  
Shake it real fast, let me see you shake it, shake it,  
make it  
Shake fast, make it shake slow  
(All my ladies)  
Let that thang go, girl, you know how we do  
(Shake it, baby lady)

Hmm  
(Hmm, yeah)  
Hmm  
(Let me see it, baby)  
Hmm  
(Come on, come on, come on, oh, baby)  
Ooh, ooh, shake it, lady  
(Let me see you shake it, oh)

Shake it on top, shake it down low  
Shake it real fast, let me see you shake it, shake it,  
make it  
(Ooh)  
Shake fast, make it shake slow  
(Down on knee)  
(Out of my mind)  
Let that thang go, girl, you know how we do  
(Every time you shake it)

Shake it on top, shake it down low  
(Top, top)  
(Back and forth)  
Shake it real fast, let me see you shake it, shake it,  
make it  
(Ooh)  
Shake fast, make it shake slow  
(Wanna reach out and tell ya, tell ya)  
Let that thang go, girl, you know how we do  
(Baby, can you, can you, can you bounce)

Make it bounce, make it bounce, bounce, bounce  
(Ooh, make it bounce, make it bounce, bounce,

Make it shake, make it shake, shake, shake  
(Make it)  
(Shake, shake, shake)

(Make it bounce for me)  
Make it shake, make it shake, shake, shake  
(Shake it, shake it)

Make it shake, make it shake, shake, shake

Shake it on top, shake it down low  
(Yeah, oh, ladies)

Shake it real fast, let me see you shake it, shake it,  
make it  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do

Shake it on top, shake it down low  
Shake it real fast, let me see you shake it, shake it,  
make it  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do

Shake it on top, shake it down low  
Shake it real fast, let me see you shake it, shake it,  
make it  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do

Shake it on top, shake it down low  
Shake it real fast, let me see you shake it, shake it,  
make it  
Shake fast, make it shake slow  
Let that thang go, girl, you know how we do
