arms in the nick of time

real major

(verse):Brandy

Seems like ever since
The first day we met
There is no one else
I think of more than you
Can't seem to forget
Can't get you out of my head
Guess the verdict's in
I'm crazy over you
How can one be down
Tell me where to start
Cause everytime you smile I feel tremors in my heart
I have but one concern
How can I get with you
Til my day comes here's what I'm gonna do(Check it)

(chorus):

Sittin' up in my room
Back here thinkin' about you
I must confess I'm a mess for you
Sittin' up in my room
Back here thinkin' about you
I'm just a mess with a thing for you

(rap):LL Cool J

Peace uhh You know what I mean yeah yeah got to
blaze the joint baby
it's tha butters uhh it's all sugary the flava don't
cease when I'm in

tha cut boo I pull tha silk out tha crease ohhh ten
fingers swingin' the
tension get released tell you girlfriends chill I ain't no
dog on a
leash roof I keep it true so who gonna get who sprung
cause Waiting to
Exhale collapses lungs I make it hard for your ex to feel
tha full
effects
I treat my honey good and that's what he don't expect
who's next not me
I'm dedicated I never send my girl outside frustrated
that's tha truth
beavers can't break down the code I wrote my own
book I call it Waiting
to Explode
(chorus):Brandy
Sittin' up in my room
Back here thinkin' about you
I must confess I'm a mess for you
Sittin' up in my room
Back here thinkin' about you
I'm just a mess with a thing for you
(breakdown):LL Cool J

(verse):Brandy
How can one be down
Tell me where to start
Cause everytime you smile I feel tremors in my heart

(repeat chorus 'til end)
(Second time Brandy sings:You know I pray that you'll
invest
in my happiness turn my heart around am I
making ground tell me what is up I say
