Yeah, yeah, yeah
We ain't never went nowhere nigga

I'm speakin' from the rock bottom, got a problem I can
solve 'em
Get your paper burn 'em out and I can pop 'em

I said son of [unverified] drugged up with Kevin
Visit yours my mother protected my Smith 'n Wesson
We all done struggled the same up in the crescent
Muscled our way for now to be present

Long ways to replace that, try and take that
We gon' get there, guess where his wake at
Life-threatenin', walk over to the Gotham
Where it don't cost much, for you to pop one

Not one, shot clean after I'm out with the glow
Found him in a bag on the road
Everything that's fat is trapped in his nose
Gats was arosed, then and again
He was, with no sin as if you wanna see us

It's mandatory, no motherfuckin' glamour story
Strictly owned, got the fame and glory
My name'll hold me down, I witness how it's goin' down
I see my will is bread and rosy like a weed growin' out

I'm speakin' from the rock bottom, got a problem I can

These tactics, that make you do more than bend you
over backwards
Bring slaughter to men, that serves less than a quarter
All of us are just in line so we can sail at the border

Hot water couldn't remove, the blood out the grooves
in my shoes
That's because then that nigga died on last night news
That trigger played with no shell, no clues
And the job was more handed to you, that's where the
real money

Feedin' survivors real hungry, like lines stretchin' them
similar
To the cord on the bungee, my Lord told me
"You gon' take, everything but my soul from me
Along with somethin' out the four, oh, from me"

Spit it how I live it, my heart got calm, go take a visit
And see that I'm repetitious that kinda survives so I did
it
It's all in this speaking, playa is you eatin'?
If it's 'bout helpin' you, bought a piece
And his balls are the reason for the
