With these jealous rap niggas and these punk ass
freezies (fuck em)
Man, I couldn't remember what they told me
When I first came in the game, but things done

Banging on the corner, like a 'sona

But when I bite, you gonna feel that there, it's real

Watch your mouth boy, you might get killed down here
I'm a ryde or die nigga, I'll put something in your eye

Bringing terror with this beretta, I clutch in my paw

You will attack, that's what you get, my enemies die

It's a worldwide story, for all soldiers
Even if Ruff Ryders ryde ruff or roll over
It's a stickup, said down on your knees cuz I'm sick-up
If disrespected, you don't disrespect me nigga
I'm the one these niggas call on
When they go to cases are halted and the time come
for beatin up the bosses
Make them an offer they can't refuse
They don't comply, when I walk out they stack these
fools
I guess these niggas think they can't be moved
Realized it those dead niggas like they think they do
You fuck with me I gots to fuck with you
World war three, motherfucker, I thought you knew

State your name gangsta
Jadakiss nigga
Where you representing
East coast dog
You gonna hold it down
Why wouldn't I
Enough said then nigga

Let's go
If you fucking with the kiss, you ain't gonna breathe
The only time I lick in the air is new years eve
Sonny from Bronxdale you can't leave
Get kissed on your cheek then your meant to die
Cuz when the gun start poppin and my temperature
rise
You know my style, twenty niggas with forty cal
Nine years ago you was hollering when shorty wild
Now I'm in the rap game twisting these honies out
Never left the crack game, still on the money route
I run through the industry looking for enemies
Y'all niggas sound sick and Jada the remedy
Get shot in your eyes and your mouth
Can't see can't talk when you fuckin with the heart of
New York
And that's foul in then swallow the pulp
And then fuck with the feds dog, you know I push the
prowler they caught
Toast on my lap, got the east coast on my back

How many times must I tell you motherfuckers (yeah)
We ain't in-du-stry niggas, we in-the-streets niggas
Ruff Ryders forever, now what
(chorus:) Ryde or die, you talk it, we live it
So ryde or die, you want it, we give it
So ryde or die, you start it, we end it
So ryde or die, you talk it, we live it

(repeat chorus)(hollering then fade to end)
