I see the weakness in your knees
Feel the lust down in your jeans
A fever's coming over me
Need someone to set me free
Need someone to set me free

I say exactly what I mean
But words are never what they seem
I'll make you rock and then you'll roll
Bring a little funk and soul
Said I'll bring a little funk and soul

I'll love you a little bit harder
I'll make you beg for more
I'll take you a little bit higher
Baby I love you, I want you, I need you
I gotta, gotta have it

So if I haven't made it clear
I'll scream your name for all to hear
I'll touch your skin and make you sweat
I'm one mistake you won't regret
Said I'm one mistake you won't regret so

I'll love you a little bit harder
I'll make you beg for more
I'll take you a little bit higher
Baby I love you, I want you, I need you
Baby I love you, I want you, I need you
I gotta, gotta have it

I see the weakness in your knees
Feel the lust down in your jeans
A fever's coming over me
You gotta set me
You gotta set me
You gotta set me
Gotta set me
Gotta set me

I'll love you a little bit harder

I'll make you beg for more
I'll take you a little bit higher
Baby I love you, I want you, I need you
I love you, I want you, I need you
I gotta, gotta have it
