Years go by and I'm the same
And I have no one else to blame
'Cause even the rain leaves faster than it came
It's only pain, it's only pain you'll say

On the days that my temper flares
You and I, well we don't go there
'Cause all my life, I have always been the one under the
knife
Oh but you, well you, oh you never look twice

[Chorus]
When will the sun come out to play
'Cause I, I need a friendly face
Oh 'cause I'm feeling low, oh so blue
And it's over you,
Oh you, over you, oh you do do do...

And oh these thoughts, well they tend to dwell
Until I bid them the last farewell
'Cause I, I know that I drag myself into the undertow
Oh well that's, that's just the way that it goes

[Chorus]
When will the sun come out to play
'Cause I, I need a friendly face
Oh 'cause I'm feeling low, oh so blue
And it's over you,
Oh you, over you, oh you do do do...

Hey this jealousy is coming over me
Oh it's the agony of defeat
It's bittersweet

You're, you're the one, you're the golden boy
And all that you touch, well it turns to joy
'Cause you, you sing as though you're some
metaphorical king
Oh that's cool if that's your thing

[Chorus]

When will the sun come out to play
'Cause I, I need a friendly face
Oh 'cause I'm feeling low, oh so blue
And it's over you,
Oh you, over you, oh you do do do...

Over you, over you, oh you do do do...
