I'm becoming a version of me I don't know  
'Cause you got me in love with you down to the bone  
So go on with your lies now  
You know I'm one to believe  
So go on, pull me down  
Into your gravity

Baby please don't, please don't go  
You're the only love I know  
Baby please don't, please don't leave  
'Cause I'm wearing my heart on my sleeve

And it's clear that you'll go home to her come the dawn  
And I'll cry a thousand oceans each second you're  
gone  
So go on with "I love you's"  
You know that I'm one to fall  
So go on take my body  
My soul, take it all

Baby please don't, please don't go  
You're the only love I know  
Baby please don't, please don't leave  
'Cause I'm wearing my heart on my sleeve

Does she know, when you go  
That I'm the one you need  
Down below all the skin and the sheets  
It's the hunger I feed, oh yeah

Baby please don't, please don't go  
You're the only love I know  
Baby please don't, please don't leave  
'Cause I'm wearing my heart on my sleeve

I'll break you if you walk away from me
