I thought I was through
Thought I cried enough over you
I thought I was good
I thought I knew all that I should

[Chorus]
But I was wrong
To think that you'd ever be gone
Oh I was wrong
To think that you'd ever be gone

I'm lost and not found
I thought that I'd won this round
But I took myself down
Now I'm just a face in the crowd

[Chorus]
But I was wrong
To think that you'd ever be gone
Oh I was wrong
To think that you'd ever be gone

What happened to yesterday?
What happened to the love we made
I don't know what changed
Just time

[Chorus x2]
But I was wrong
To think that you'd ever be gone
Oh I was wrong
To think that you'd ever be gone
