If I could,
I'd prove you wrong.
And if I could,
I'd let you know,

You control, by your own design,
Knowing your so right.
When the sun is gone,
Life ends with no hope.
Embrace this in your arms.

Patience is gone but you've been left alone.
The troubles are trapped in your eyes.
You'll see me again.
No time to pretend.
Your everything, your anything, mine.
You've been wondering when your life begins.
I've seen the face of you tonight.

You control, by your own design,
Knowing your so right.
When the sun is gone,
Life ends with no hope.
Embrace this in your arms.
Care to move on,
And afraid to feel young again, why?
Now take my hand 'cause it seems the way you see his
might.
Tell me why.
Take all that you know inside,
And leave it behind.

Its time to say goodbye...
To all you fall for.
Its time to say goodbye...
An angel bound to fly.

You control, by your own design,
Knowing your so right.
When the sun is gone,
Life ends with no hope.
Embrace this in your arms.

Embrace this in your arms...
Embrace this in your arms...
