Gone again she said  
Heading for the longest road  
One too many times  
He's beaten you down to the bone

So you sail away  
Into the unknown  
Stay away he said  
Don't ever come back home  
Cry away  
The days that last so long  
All alone  
Just stay away  
Stay away

Weakened from the pain  
That he left inside your heart  
Fallin' in the rain  
Cause your whole life has fall'n apart

So you sail away  
Into the unknown  
Stay away he said  
Don't ever come back home  
Cry away  
The days that last so long  
All alone  
Just stay away

Alone, she cries  
Filled with hate inside  
No love, no life  
Without that loser who once said  
"Here's your kiss goodbye"

See this is real  
She doesn't feel  
Lonely hearts  
Shattered dreams  
There's nothing better in this place  
Nothing but memories  
In your mind

Sail away  
Into the unknown  
Stay away he said  
Don't ever come back home  
Cry away  
The days that last so long  
On the road  
You sail away

Alone, she cries  
Filled with hate inside  
No love, no life  
Without that loser who once said  
"Here's your kiss goodbye"

Alone, she cries  
Filled with hate inside  
No love, no life  
Without that loser who once said  
"Here's your kiss goodbye"

[Note: There is probably another version of this song  
with the words "Lose that hate inside" instead of "Filled  
with hate inside"]
