Trapped inside of your eyes,
gleam like stars above, emptiness inside.
Caught inside of your arms, warmer than the sun,
never felt so full.

Although I can see, time is not running out,
I still run behind everything.
I don't understand, I embrace every thought,
everyword...everything.

You're watching, my heart being, so close to you,
your bleeding thoughts.
Open wounds still breathing
You're my everything, you're my everything...

Left behind hateful thoughts, overwhelmed by your
mind,
lost in time again.
Shadows bringing me down, jealous of your face,
drowning in your awe.

Although I can see, time is not running out,

I still run behind everything.
I don't understand, I embrace every thought,
everyword...everything.

You're watching, my heart being, so close to you,
your bleeding thoughts.
Open wounds still breathing
You're my everything, you're my everything...

Tears of unseen light, heart stopping.
Tears of unseen hope, heart stopping.

You're watching, my heart being, so close to you,
your bleeding thoughts.
Open wounds still breathing
You're my everything, you're my everything...
The truth brings new meaning, your my everything,
and time stands still.
