----1985 Version

growing old, and living for
the moment, you're
searching for something
cannot find, the truth inside
will leave you all, that you're living for

thinking love is gone, its gone

why wait for you to come home
why search for answers to nothing
dont come back crying for help
why wait for life to come

growing old, and living for
the moment, you're
searching for something
cannot find, the truth inside
will leave you all, that you're living for

thinking love is gone, its gone

why wait for you to come home
why search for answers to nothing
dont come back crying for help
why wait for life to come

think back, shocking, believe, its me
why wait for you to come home
why search for answers to nothing
dont come back crying for help
why wait for life to come

----The Version for the rufio EP

Growing old and living for the moment
You're searching for something you cannot find
The truth inside will reveal all that we're living for

Thinking all is gone
It's gone

Why wait for you to come home?

Why search for answers to nothing?
Don't come back crying for help
Why wait for life to come?

Think back
Shocking
Believe it's me
