Sweet song singin' take me back  
(Ooh, I wanna go)  
Sweet song singin' take me back  
(I wanna go)  
Sweet song singin' take me back  
(I wanna go)  
Sweet song singin' take me back

Here's to, to a long forgotten dream  
(Sweet song singin' take me back)  
Enshrouded by, by a history so clean  
In a place still the same, so rich with time  
(Sweet song singin' take me back)  
I remain in my heart, my soul, my mind

So clear is the mystery to me  
So majestic, yet electric, dose of age I see  
There remains a sparkle in the sand  
Can't restrain these feelings of my ancient land

Here is a melody for you  
Sky of white and nylon blue  
Let me hurry home to you  
To sing, to dance, to laugh, embrace

So vague is this picture I am seeing  
(Sweet song singin' take me back)  
Yet so clear and so dear my soul is singin'  
To belong is this feelin' I am missin'  
To embrace this memory I been kissin'  
(Sweet song singin' take me back)

So clear is this mystery to me  
So majestic, yet electric, guest of age I see  
There remains a sparkle in the sand  
Can't restrain these feelings of my ancient land

Here is a melody for you  
Sky of white and nylon blue  
Let me hurry home to you  
To sing, to dance, to laugh, embrace

(I wanna go)  
Sweet song singin' take me back  
(Wanna go)  
Sweet song singin' take me back  
(I wanna go)  
Sweet song singin' take me back  
(Wanna go, yeah)  
Sweet song singin' take me back

(I wanna go)  
Sweet song singin' take me back  
(I wanna go)  
Sweet song singin' take me back  
(Take me, me on your back, yeah)  
Sweet song singin' take me back  
Sweet song singin' take me back

Sweet song singin' take me back  
Sweet song singin' take me back  
Sweet song singin' take me back  
Sweet song singin' take me back

Sweet song singin' take me back  
Sweet song singin' take me back  
Sweet song singin' take me back  
Sweet song singin' take me back
