I got a [Incomprehensible] going down  
It's a party invitation, we're putting down  
So come on y'all give it a chance  
Get up and dance  
Got to groove, get your body loose and join the band  
Help spread the word about the Masterjam

It's a soulful revolution that can't be beat  
We'll rerun the constitution and heat your feet  
So come on y'all, give it a chance  
Get up and dance  
Got to groove, get your body loose and join the band  
Help spread the word about the Masterjam

We got to wake up the world and change it all tonight  
Gonna spend it around and wake it up with party lights  
So forget about your troubles and live the past  
And rock the country and don't look back

So come on y'all give it a chance  
Get up and dance  
Got to groove, get your body loose and join the band  
We could rule the world with the Masterjam

So come on y'all give it a chance  
Get up and dance  
Got to groove, get your body loose and join the band  
We could rule the world with the Masterjam

Come on take my hand, join the band  
Got to tell the world about the Masterjam  
Got to tell the world, got to tell the world  
Got to tell the world, got to tell the world

Come on take my hand, join the band  
Got to tell the world about the Masterjam  
Got to tell the world, got to tell the world  
Got to tell the world, got to tell the world

Come on take my hand, join the band  
Got to tell the world about the Masterjam
