"Egyptian Song"

Sweet song singin' take me back
(Ooh, I wanna go)
Sweet song singin' take me back
(I wanna go)
Sweet song singin' take me back
(I wanna go)
Sweet song singin' take me back

Here's to, to a long forgotten dream
(Sweet song singin' take me back)
Enshrouded by, by a history so clean
In a place still the same, so rich with time
(Sweet song singin' take me back)
I remain in my heart, my soul, my mind

So clear is the mystery to me
So majestic, yet electric, dose of age I see
There remains a sparkle in the sand
Can't restrain these feelings of my ancient land

Here is a melody for you
Sky of white and nylon blue
Let me hurry home to you
To sing, to dance, to laugh, embrace

So vague is this picture I am seeing
(Sweet song singin' take me back)
Yet so clear and so dear my soul is singin'
To belong is this feelin' I am missin'
To embrace this memory I been kissin'
(Sweet song singin' take me back)

So clear is this mystery to me
So majestic, yet electric, guest of age I see
There remains a sparkle in the sand
Can't restrain these feelings of my ancient land

Here is a melody for you
Sky of white and nylon blue
Let me hurry home to you
To sing, to dance, to laugh, embrace

(I wanna go)
Sweet song singin' take me back
(Wanna go)
Sweet song singin' take me back
(I wanna go)
Sweet song singin' take me back
(Wanna go, yeah)
Sweet song singin' take me back

(I wanna go)
Sweet song singin' take me back
(I wanna go)
Sweet song singin' take me back
(Take me, me on your back, yeah)
Sweet song singin' take me back
Sweet song singin' take me back

Sweet song singin' take me back
Sweet song singin' take me back
Sweet song singin' take me back
Sweet song singin' take me back

Sweet song singin' take me back
Sweet song singin' take me back
Sweet song singin' take me back
Sweet song singin' take me back
