Fool's paradise, was it very nice?
People living in the world for material things
Love has a playful heart, that's where the hatred starts
Causin' harm and replacin' the joy true love can bring

It's just a fool's paradise
It's just a fool's paradise
Was it very nice?
Whoa, oh, oh, oh yeah, yeah, yeah
And you don't know

Just like a concrete dream, fool's paradise is strange
People buying time don't seem like a natural thing
Souls are lost to sea, souls that will never be
Returning to this place of living misery

It's a fool's paradise
It's just a fool's paradise
Was it very nice?
No, no, no, no, no, no, no, no

Fool's paradise
Ooh, it's just a fool's paradise
Was it very nice?
No, no, no, no, no, no, whoa

Souls are lost to sea, souls that will never be
Returning to this place of living misery

Fool's paradise, was it very nice?
Fool's paradise, was it very nice?
Fool's paradise, was it very nice?
Fool's paradise, was it very nice?
Fool's paradise, was it very nice?
