Take me and I need it now  
Shake me to love somehow  
I need warm embraces, yes, I do  
I need smiling faces to look into  
I know that time erases the wounds of man

Love is not all I crave  
I know there's a world to save  
But I've always done my best  
And I think, I've passed every test  
But there's something about a brand new heart

Send me a stranger to love  
(Stranger)  
I need a stranger to love  
(Stranger)  
Send me a stranger to love  
(Stranger)  
So I can leave my past behind  
(My past behind, my past behind, my past behind)  
Hmm, my past, my past behind

I know that love may not come  
But if I can dream like everyone  
I'd dream the warming feelin' of an early spring  
I'd dream the magic elation a touch can bring  
I wanna capture the feelin' of a newborn heart

Send me a stranger to love  
(Stranger)  
Send me a stranger to love  
(Stranger)  
I need a stranger to love  
(Stranger)  
So I can leave my past behind  
(My past behind, my past behind)  
Yeah, yeah, yeah, yeah, my past behind  
(My past behind)

Send me a stranger to love  
(Stranger)  
I wanna stranger to love, yeah

(Stranger)  
Send me a stranger to love  
(Stranger)  
So I can leave my past, wanna throw it out the door  
(My past behind, my past behind)  
Ooh, ooh, baby, baby, my baby, yeah  
(My past behind, my past behind)  
My past behind  
(My past behind, my past behind)

[Incomprehensible]  
(My past behind, my past behind)  
[Incomprehensible]  
(My past behind, my past behind)
