When I find you in my dreams  
You always try to run away  
It doesn't look it, but it seems  
You still take my breath away

And when I try to ask you why  
We couldn't give it one more try  
I can't find you anywhere  
You're not there

Let me try, let me try  
I don't wanna say goodbye  
I will find a way to make you stay  
Just let me try

Looking back, I realise  
We are learning from mistakes  
I can see it in your eyes  
I can feel your heart, it breaks

But when I try to ask you why  
We couldn't give it one more try  
I can't find you anywhere  
You are not there

Let me try, let me try  
I don't wanna say goodbye  
I will find a way to make you stay  
Just let me try

Let me try, let me try  
I don't wanna say goodbye  
I will find a way to make you stay  
Just let me try

Let me try, let me try

I don't wanna say goodbye  
I will find a way to make you stay  
Just let me try

Let me try...  
I will find a way to make you stay  
Just let me try
