(Alexander/Badlees)

(Chorus)

There must be angels of mercy

Lookin' down on me

'Cause when I look up to the sky

I swear I see

Angels of mercy lookin' down on me

Well, I know what I know

And you know what you know too

And I know that you know

Exactly what I think of you

And if I were you and you were me

I wouldn't blame you for not liking me

Even though we aren't enemies

(Chorus)

Time can have a way of changin'

Everything you think is right

And time can have a way of takin'

Everything you hold too tight

So you search for explanations

And you find some now and then

While the angels

They're gettin' impatient

With your experiments

(Chorus)

I believe there's a power of healing

That comes with experience

I believe in believing your feelings

Even when they make no sense

But I believe that the way I'm going

I'm gonna end up too soon dead

Well, when asked to give my reasons

This is what I said

I might have used my education

If I gave a shit

I might have spoke for my generation

If I agreed with it

Now some say that I've gone crazy

But I ain't gone nowhere

Some say I'm apathetic man,

But I don't care

I admit that I'm a loser

I admit that I am scum

I admit I like cheap beer and women

As much as anyone

I don't worry about the future

Who knows what that will bring

I just wait and see what happens

And pretend I planned the whole thing

So let's see what tomorrow brings

(Chorus 2x)
