Song: DMX

Just cause I love my niggas, (Ruff Ryders)  
I shed blood for my niggas. (Ryde or die)  
Let a nigga holla, "Where my niggas?" (Get down or lay  
down)  
All I wanna hear is, "Right here my niggas."  
(We here nigga)

You won't take this from me baby!  
You will not take this from me baby!  
Ya know grrrrr

My niggas some niggas that you don't wanna try  
My niggas some niggas that's really do or die  
My niggas will have you cowards ready to cry  
My niggas will fry my niggas will rob  
My niggas keep niggas on they fuckin' job  
My niggas know what it's like when shit gettin' hard  
My niggas stay pullin' you other niggas cards  
My niggas It's God my niggas we'll shine  
My niggas just knew it was a matter of time  
My niggas let me know to keep fuckin' with the rhymes  
My niggas ain't no longer livin' with crime  
My niggas is fine my niggas is good  
My niggas keep you niggas knocking on wood  
My niggas know how to take it back to the hood  
My niggas will put you down right where you stood  
My niggas they could my niggas they will  
My niggas take you straight to the back & get ill  
My niggas give it straight to the bank when we kill  
My niggas put niggas on ice til they chill  
My niggas is still my niggas is dogs my niggas  
(echoes)
