My dad is the funniest man
He's the happiest man in the world
He watches me in the shower
he's a lord and he has got power.
Looking up to ma and pa
take outs going far and far
shagging dads is such a game
shagging dads is getting me fame.
i just want a penis looking at me
staring at my face going for free
taking out the garbage robbing all trees
watching my dad in the shower.
