(Lita Ford)

I can't stand it  
I got to break lose somehow  
When this boat starts rockin'  
And people keep knockin' on my door

I want to run run run run away from here  
I want to run run run run away from here  
I want to run away from here

Little lost girls  
Little lost girls in the night  
Little lost girls  
Little lost girls in the night

You make my heart sting  
Burning like it's on fire  
You've got me wanting  
More from you in every way

I want to run run run run away from here  
I want to run run run run away from here  
I want to run away from here  
Little lost girls  
Little lost girls in the night  
Little lost girls  
Little lost girls in the night

When I see you each day  
I just want to run and hide  
But you follow me round  
Like like a shadow upon the ground

I want to run run run run away from here  
I want to run run run run away from here  
I want to run away from here

Little lost girls  
Little lost girls in the night  
Little lost girls  
Little lost girls in the night
