All right! Yeah!  
I wish I was a man with a mechanical heart  
I'd conquer all my enemies alone  
I'd tear the guys apart  
Then scatter the pieces  
I wish I was the man in the sound proof booth  
I wish I had a chance to stump the band  
Or maybe tell the truth  
And maybe I could win a color television

I really love my television  
I love to sit by television  
Can't live without my television  
TV is king  
You're my everything

I wish I had the girl with the bouncy hair  
We'd ride off in a brand new car  
or fly a plane somewhere  
Like probably Jamaica  
I'll brush my teeth, shampoo my hair,  
and shave my face  
Apply the necessary aerosol  
in the appropriate place  
And we'll spend the night together  
watching television

I can't turn off my television  
Don't really know why television  
I understand my television  
You've got your works in a drawer  
And your color's on track  
You have to brave the way  
But you always come back  
You make a hundred changes  
But you're always the same  
You make me so excited  
And you make me so lame  
You're just a cute ball of gas  
And a box full of tin  
But you show me your junk

And I want to jump in  
Oh if only your chassis  
was covered with skin 'Cause TV you're my everything
