""you Left Me Sore""

Visit "[you Left Me Sore](#)" on MotoLyrics.com

Love is infectious and I was a victim
The worst case you'd ever see
But still I know no doctor or nurse
Could cure what you gave to me
'Cause you

Really, you left me sore
You really left me sore now baby
You messed me up for sure and I don't mean maybe
'Cause you really left me sore
You didn't tell me and I didn't ask so there's
Nobody left to blame
But still I know no place I can go
That helps to relieve the pain

But now I know no good ever comes
From love on a one night stand
