To my surprise I found my daylight
In summer skies, yeah, whoa
Colors came out in waves
When I first saw your face shine through
A spotlight fell that day
I'll make this loud so you can hear me say

Hey there one in a million
I feel alive as our love it collides
You put life into motion
You've got me spinning
You're spinning me out of control

Girl dream big
We'll do it all
When the city calls
Hand in hand this is love
Buildings tower over us
You're a queen, won't you dance, won't you sing
Your melodies (your melodies)
Smile for the best days exist
I'm the luckiest you're the reason for this

Hey there one in a million
I feel alive as our love it collides
You put life into motion

You've got me spinning
You're spinning me out of control

As my life explodes
You've got me hanging on, I'm hanging on
I'm out of control as my life explodes
You've got me hanging on forever
We're hanging on together
We're hanging on forever

Hey there one in a million
Hey there one in a million
One in a million
Life's in motion
You've got me spinning

As our worlds collide

Hey there one in a million
I feel alive as our love it collides
You put life into motion
You've got me spinning
You're spinning me out of control

Hey there one in a million
(I'm out of control
I feel alive as our love it collides)
Hey there one in a million
