Blackness is calling, you're enslaved by its rule  
Obeying your madness, the weak hearted fool  
Possessed by evil, you're onto the game  
Hate is your motive to rule in the game, now

Biolytic evil, you kill and devour  
You fight alterations to save all your power  
You're betraying the youth, you're blinding their eyes  
You're selling them drugs and you're feeding them lies

Madness reigns, evil affliction  
Blood and death, death, the endless pain  
Madman's game, self deception  
Deceit and lies, gonna rule the game

Black soul, you're breathing the poison of evil  
Delusions of grandeur, the soul eating plaque  
Black soul, you're doomed to eternal damnation  
You're melting in fire, the justice of fate

The contract is made and it's written in blood  
Betraying the world, to save what you've got  
Distortion of truth keeps the evil alive  
And you cut your own throat with a rust poisoned knife

Madness reigns, evil affliction  
Blood and death, death, the endless pain  
Madman's game, self deception  
Deceit and lies, gonna rule the game

Black soul, you're breathing the poison of evil  
Delusions of grandeur, the soul eating plaque  
Black soul, you're doomed to eternal damnation  
You're melting in fire, the justice of fate, ohh

Weakness is evil and evil is weak  
They never will share, the power they seek  
You're a wealthless, mere pawn, under their spell  
They've promised you heaven but sold you to hell

Madness reigns, evil affliction  
Blood and death, death, the endless pain

Madman's game, self deception  
Deceit and lies, gonna rule the game

Black soul, you're breathing the poison of evil  
Delusions of grandeur, the soul eating plaque  
Black soul, you're doomed to eternal damnation  
You're melting in fire, the justice of fate

Black soul, you're breathing the poison of evil  
Delusions of grandeur, the soul eating plaque  
Black soul, you're doomed to eternal damnation  
You're melting in fire, the justice of fate
