Strong and proud, the cruise
Black banner at the top
The spoon drift hits the bow
They round the reefs and rocks

The voice of freedom whispers
In the rushing wind
They roam the raging sea
On their gliding wings

They fight the black to save the truth
They fight the scorning lie
Oppression's wall, they will destroy
They'll fight it till they die

The lions of the sea
They ride the wind eternally
They fight to be free
Roaming the seven seas of fate

They save their souls from black
From its evil void
They are facing the challenge
Its coldness to destroy

They deny the temporal power
They deny their evil lies
They are strain at the leash
Until the evil dies

They fight the black to save the truth
They fight the scorning lie
Oppression's wall, they will destroy
They'll fight it till they die

The lions of the sea
They ride the wind eternally
They fight to be free
Roaming the seven seas of fate

They brave the sea eternally
They tame the raging waves

Freedom is their destiny
The sea will be their grave

Strong and proud, the cruise
Black banner at the top
The spoon drift hits the bow
They round the reefs and rocks

The voice of freedom whispers
In the rushing wind
They roam the raging sea
On their gliding wings

They fight the black to save the truth
They fight the scorning lie
Oppression's wall, they will destroy
They'll fight it till they die

The lions of the sea
They ride the wind eternally
They fight to be free
Roaming the seven seas of

Lions of the sea
They ride the wind eternally
They fight to be free
Roaming the seven seas of fate
