The lights went out and the gear starts humming
The air's on fire, ready to explode

Adrenaline is rising high
Sorrows have been kissed goodbye
When it's coming

The bombs go "Bang" and the heads start shaking
The pumping bass gonna shake the roof

Adrenaline is rising high
Sorrows have been kissed goodbye
When it's coming
Electrified, just wild and free
Going round and round, the extasy

I want a piece, a piece of the action
I take a ride on dynamite
I want a piece, a piece of the action
Gimme some slice 'n' I'll take a bite (of the action)

The room gets wild and the pyros are banging
Like a hot shot bullet going across the room

Adrenaline is rising high
Sorrows have been kissed goodbye
When it's coming
Electrified, just wild and free
Going round and round, the extasy

I want a piece, a piece of the action
I take a ride on dynamite
I want a piece, a piece of the action
Gimme some slice 'n' I'll take a bite (of the action)

They dance and shout 'n' the band is pumping
Everybody is up till the last encore

Electrified, just wild and free
Going round and round, the extasy

I want a piece, a piece of the action
I take a ride on dynamite
I want a piece, a piece of the action
Gimme some slice 'n' I'll take a bite (of the action)
