(Rolf Kasperek)

Since all the time began the holy council guards the
light

They saw dawn of man, made by gods to serve their
pride

Their slave, he fell from grace, he became the
renegade

But evilness took place, cause a darkened force lurked
in the shade

Silent wings of black, shadowed all the good at heart

The snake on the attack, shot to bite right off the dark

The poison in their vein, freezed their soul, their heart,
their mind

So they praised the evil's name, the beast to serve, the
world to grind

Time of all eternity, can never change the final destiny

The purified that stood the fight, will be saved to see
the world of light

The Rivalry, since eternity, the final fight the blackened
world to free

Lost in hate, determined fate, all evil's damned to walk
the fiery gate

The time is right at hand, to see the truth behind the lie

Decade of evils end, the poisoned heart is doomed to
die

The chosen one is here, they're in a deadly fix

He is the one they fear, cause he is up to all their tricks

Time of all eternity, can never change the final destiny

The purified that stood the fight, will be saved to see
the world of light

The Rivalry, since eternity, the final fight the blackened
world to free

Lost in hate, determined fate, all evil's damned to walk
the fiery gate
