You ask me to believe in magic  
Expect me to commit suicide of the heart  
And you ask me to play this game without question  
Raising the stakes on this shotgun roulette  
But you came to me like the ways of children  
Simple as breathing, easy as air  
Now the years hold no fears, like the wind they pass  
over  
Loved, forgiven, washed, saved  
Every river I try to cross  
Every hill I try to climb  
Every ocean I try to swim  
Every road I try to find  
All the ways of my life  
I'd rather be with you  
There's no way  
Without you
