By the mountainside, by the ocean blue  
Where the struggle broke my heart in two  
River of millions flow downstream  
A golden highway to the sea of dreams

But now you're here  
I feel no fear  
I can't believe  
The news from heaven  
Close your eyes  
On a world inside  
A spark of life  
On a wire from heaven

Morning comes, turn on the light  
Deceive the day, delay the night  
Ideologies come, ideologies go  
A waste of words, an endless flow

But now you're here  
I feel no fear  
I can't believe  
The news from heaven  
Close your eyes  
On a world inside  
A spark of life  
On a wire from heaven  
Wire from heaven

In the state of a miracle  
State of a miracle.  
I watch this miracle unfold  
In the state of a miracle  
State of a miracle  
Far north of the soul

Great people come, take the stage  
Famous moments vanish without trace  
Trees grow tall, fields grow wheat  
Woman grows older, man grows sweet

But now you're here

I feel no fear  
I can't believe  
The news from heaven  
Close your eyes  
On a world inside  
A spark of life  
On a wire from heaven  
Now you're here  
I feel no fear  
I can't believe  
The news from heaven  
Close your eyes  
On a world inside  
A spark of life  
On a wire from heaven  
Wire from heaven (ooooh)
