[Intro:]

Yo!

I can't love you like I want to

Like I want to, like I want

Yo, eh

Oooo

Oh yeah, yeah

Oh nana nana woi

Ey, ooh nana nana woi

Yo

[Verse 1:]

Here we are face to face

No shame, no disgrace

Your suppose to be what king made uncased

And I'm suppose to be over at my homeis place

You turn of your cell

I leave my AOL

And we make love like it is the hottest day in hell

You know that this ain't cool

Last time was in the pool

You know this girl

She almost caught us coming home from school

Even though this secret loving it grows stonger

We both know we can only do this so much longer

[Chorus:]

I can't love you like I want to

Caz we're living this lie (lie, lie)

And heaven knows how much I want you

Can't hide if I try (no, no)

No, I can't love you like I want to

Caz we're living this lie (oh yeah)

If we don't do someting about it

We'll have to say goodbye (bye, bye)

[Verse 2:]

Every night when I leave you

I go home and I make love to her too

It's got to feel like what the fuck did I just do

I love my woman but still I put her through

All the tainted lies
Moving in disguise
From the girlfriends
And co-workers with the shifty eyes
They all scrutinize 'caz they realize
Somethings wrong and before long
They will see our demise
They say you can't love two people
At one time (time)
But they've never found
Found the love like yours and mine

[Chorus:]

I can't love you like I want to
'Caz we're living this lie (lie, lie)
And heaven knows how much I want you
Can't hide if I try (no, no)

No, I can't love you like I want to
'Caz we're living this lie (lie, lie)
If we don't do something about it
We'll have to say goodbye (byyyee!)

[Verse 3:]

How did we end up in this situation
We gave them but we're held by obligation
It's not that we don't love them but we love each other
more
Tell me has anybody else
Has anybody ever been in this situation before

[Chorus:]

I can't love you like I want to
'Caz we're living this lie (lie, lie)
And heaven knows how much I want you
Can't hide if I try (no, no)

No, I can't love you like I want to
'Caz we're living this lie (lie, lie)
If we don't do something about it
We'll have to say goodbye (byyyee!)
