Girl I love the way you whine yea
ooooh
Cause the way you move your spine yea
Whoaaa
Slow motion, slow motion

Something about the way she moves her hips
You know she drives me wild
Heyy
Then when she twist and dip in a caribbean style
Yea yea
Makes me wanna hold on tight and dance all night long
Yeah
how she slow whines back on me to her favorite song

[Chorus:]
Slow motion, like we're makin love
In the middle of the floor, or in the back of the club
Slow motion up and down just like a ship on the ocean
Slow motion

You know I love to see you when you move you body
frame by frame
Girl
No one can do it better baby girl you're at the top of
your game
Yea
Like a diamond in the rough no faults no flaws
Noo
When you dance and you wine and you stick, and you
put it on pause

[Chorus:]
Slow motion, like we're makin love
In the middle of the floor, or in the back of the club
Slow motion up and down just like a ship on the ocean
Slow motion

Girl, girl, girl slow motion, slow motion
Girl I love the way you wine yea (slow motion) ooh
Love the way you move your spine yea (slow motion)

whoaa
Slow motion, slow motion

The way you move your body
And do that thing with your eyes makes me
mesmerized
When you push it on me
Girl with your whining skill yea you make time stand
still yea
You make real time come to a stop
When you buss a whine you make your waistline drop
yea
Work it slow whine you body to the top
Hop it, flaunt it, then make it drop girl
Don't rush it girl take your time
How I love every second of your whine
You're causing a commotion
When you whine around in

(Slow motion, like we're makin love
In the middle of the floor, or in the back of the club
Slow motion up and down just like a ship on the ocean
Slow motion) [x2]

Girl, girl, girl slow motion, slow motion
