Hey cavemen, sharpen up your sticks  
We'll drive that wooly mammoth right off the cliff  
Now cavemen, gather round the flames  
We'll eat the meat and divide up what remains

Rejoice  
Caveman rejoice  
Rejoice  
Caveman rejoice

Hey cavemen, now that we are a team  
We'll attack those other cavemen across the stream  
We'll sneak up, ready for a fight  
We'll steal their skins and weapons in the dead of night

Rejoice  
Caveman rejoice  
Rejoice  
Caveman rejoice

Ey abuna!

Rejoice  
Caveman rejoice  
Rejoice  
Caveman rejoice  
Rejoice  
Caveman dehuh

Ey en i oh!  
Ey en i oh!  
Ey en i oh!
