I've never seen you so sad
What happened anyway?
Did he made you pay today?

Never wanted you so bad
Just something in you
Pushing me away

The more you push
The more I crave you
The more you push

Take your coat, leave your clothes
Midnight in the city
Break the skin, relieve the sin
Midnight in the city

Been on this block before
I know this dirty street
What it meant to me

To get inside your door
Tiny little room
Was everything I need

Oh, the more you... push

Just take your coat, and leave your clothes
Midnight in the city
Break the skin, relieve the sin
Midnight in the city

She'll swallow you whole
There's no where else to go
There's no where else to go...

Just take your coat, and leave your clothes
Midnight in the city
Break the skin, relieve the sin
Midnight in the city

Just take your coat, but leave your clothes
Midnight in the city
Break the skin, relieve the sin
Midnight in the city
