All right, all right  
Well, it was on my sixteenth summer  
At the pool where we both went swimmin'  
That I first saw you  
So cool like a star in a movie  
Sun tan, man you took my breath away  
You take my breath away

And I'm still head over heels for you  
Still fallin' straight into  
A love so deep I can't get enough  
And you still have got a young girl's grin  
That will cut a grown man right in two  
Whenever I'm with you  
My heart won't be still  
My heart can't be still

Seventeen, first date at the drive-in  
Nineteen, her parents askin'  
Boy, where's this gonna go  
Well I said it'll last forever  
And right then I knew I was gonna love you  
The way I love you

And I'm still head over heels for you  
Still fallin' straight into  
A love so deep I can't get enough  
And you still have got a young girl's grin  
That will cut a grown man right in two  
Whenever I'm with you  
My heart won't be still  
My heart can't be still

I still got it bad and I guess it shows  
From your pretty hair down to your painted toes

And I'm still head over heels for you  
Still fallin' straight into  
A love so deep I can't get enough  
And you still have got a young girl's grin  
That will cut a grown man right in two  
Whenever I'm with you

My heart won't be still  
My heart can't be still

My heart won't be still  
My heart can't be still  
All right
