You're no ordinary date  
You're like a sunbeam in the rain:  
So wonderfully out of place  
You're a detour off the map,  
You match clothes that shouldn't match,  
An' you sell it all with your style  
An' it makes me smile

And I can see a world I never knew,  
(World I never knew)  
I'm finding a deeper blue,  
Sparkling in your eyes  
Yeah, I just come alive  
And I'm intrigued by your every move  
(By your every move)  
The things only you would do  
The things you don't see; you say it's just me:  
That's so you

You're blessed with luck I can't explain:  
You bet a horse 'cause you liked it's name,  
And man if it didn't win  
Your new tattoo says: "Love rules"  
You're like Haggard an' Jones and Jude  
You say life is all about trust,  
An' you say that's us

And I can see a world I never knew,  
(World I never knew)  
I'm finding a deeper blue,  
Sparkling in your eyes  
Yeah, I just come alive  
And I'm intrigued by your every move  
(By your every move)  
The things only you would do  
The things you don't see; you say it's just me:  
That's so you

You're more than fascination,  
(More than fascination)  
My imagination could ever dream

And I can see a world I never knew,  
(World I never knew)  
I'm finding a deeper blue,  
Sparkling in your eyes  
Yeah, I just come alive  
And I'm intrigued by your every move  
(By your every move)  
The things only you would do  
The things you don't see; you say it's just me:  
That's so you

Baby, that's so you  
Yeah, that's so you  
That's so you
