Here I am alone without you,
For the first time since we met.
I thought I'd have you forever,
But these tears are all I get.
I got my face against the window,
And my back against the wall,
There were so many things that I wanted to say,
But when you said goodbye you said it all.

An' I've done all I can do to make you love me,
All I can do and I've said all I can say.
Now all I can do is take these tears from my eyes,
And watch you walk away.

Everything I see reminds me,
Of the love we once knew.
And when I close my eyes,
My memory takes me back to you.
Maybe I'll forget your laughter,
Or the way you held me then.
But the thing that's really killing me now,
Is knowing I'll never hold you again. .

And I've done all I can do to make you love me,
All I can do and I've said all I can say.
Now all I can do is take these tears from my eyes,
And watch you walk away.

Instrumental break.

All I can do and I've said all I can say.
Now all I can do is take these tears from my eyes,
And watch you walk away.

And watch you walk away.
